Information Collection Request Title: Nurse Corps Loan Repayment Program (Nurse Corps LRP), OMB No. 0915-0140 – Extension

Abstract: The Nurse Corps LRP assists in the recruitment and retention of professional Registered Nurses (RNs), including Advanced Practice Registered Nurses (APRNs), by decreasing the financial barriers associated with pursuing a nursing education. RNs in this instance include APRNs (e.g., nurse practitioners, certified registered nurse anesthetists, certified nurse-midwives, and clinical nurse specialists) dedicated to working at eligible health care facilities with a critical shortage of nurses (i.e., a Critical Shortage Facility) or working as nurse faculty in eligible, accredited schools of nursing. The Nurse Corps LRP provides loan repayment assistance to these nurses to repay a portion of their qualifying educational loans in exchange for full-time service at a public or private Critical Shortage Facility or in an eligible, accredited school of nursing.

A 60-day notice published in the **Federal Register** on September 29, 2022, vol. 87, No. 188; pp. 59106-07. There were no public comments.

Need and Proposed Use of the Information: Individuals must submit an application in order to participate in the program. The application asks for personal, professional, educational, and financial information required to determine the applicant's eligibility to participate in the Nurse Corps LRP. This information collection is used by the Nurse Corps program to make award decisions about Nurse Corps LRP applicants and to monitor a participant's compliance with the program's service requirements. The Nurse Corps LRP is requesting an extension and is seeking to use the previously approved forms.

Likely Respondents: Professional RNs or APRNs who are interested in participating in the Nurse Corps LRP, and official representatives at their service sites.

Burden Statement: Burden in this context means the time expended by persons to generate, maintain, retain, disclose, or provide the information requested. This includes the time needed to review instructions; to develop, acquire, install, and utilize technology and systems for

the purpose of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; to train personnel to be able to respond to a collection of information; to search data sources; to complete and review the collection of information; and to transmit or otherwise disclose the information.
